Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 26 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Very windy, particularly in the northeast Friday night.

This Evening and Tonight:
Extremely windy for eastern Scotland and northeast England with large waves leading to some dangerous conditions on coasts. Still windy elsewhere with areas of rain for many parts, turning to snow at times, mainly for higher ground in the north.

Saturday:
Winds slowly easing from the northwest. Rain continuing in the east and showers for many exposed coastal areas - these wintry at times, particularly in northern parts. Cold Saturday night.

Outlook for Sunday to Tuesday:
Many places cold but dry on Sunday and Monday with overnight frost, locally severe. Turning milder from the west by Tuesday with some rain and strong winds at times.
